

iPhone X Delivery and Tracking FAQs

When will my phone be delivered?

Our drivers are delivering between 8am to 8pm on Friday 3rd November and 7am to 2pm on Saturday 4th November.

Can you provide a time for delivery?

A 1 hour estimated time of delivery will be available to you during the morning of Friday 3rd November.

If your mobile phone supplier has provided us with your email address or mobile number we will send you a notification of the estimated time of delivery during the morning of the 3rd.

Alternatively, this information will be available via our Manage My Delivery section of ukmail.com.

We understand that you wish to be connected with your iPhone X as soon as possible and our drivers will reach you as quickly as they can.

So that we can reach as many customers as early as possible we are unable to interrupt the drivers to ask for further information regarding delivery times.

I've received your 'sorry we missed you' card. What happens now?

We will re-attempt delivery on Saturday 4th November automatically between 7am and 2pm. You do not need to contact us to arrange this.

I'm not going to be at home. Can you deliver to an alternative address or leave with my neighbour?

We can only deliver to the address provided by your mobile supplier. Please ensure that someone is in the property to receive the delivery and are able to sign for it.

Can I arrange to collect my phone from my local UK Mail depot?

We are unable to offer this service on Friday 3rd or Saturday 4th November.

Can I check on the progress of my delivery?

Page 2 of this document explains what the information shown on our website tracking pages mean.
